

REMARKS

A Notice of Appeal was filed for the above-entitled patent application on July 2, 1984. In reviewing the claims of the above-entitled patent application, the Applicants have discovered a few errors therein. This amendment is being filed to correct those errors and place the claims in better condition for appeal. In addition, the title has been changed to better describe the invention as defined by the claims.

Respectfully submitted,

Peter Vrahotes  
Attorney for Appellant
